DO MORE WITH DIGITAL

FREEWHEEL
A COMCAST COMPANY

Basis Technologies and FreeWheel have partnered to build a robust API-level integration connecting digital media planning and execution with client billing and vendor payments.

INTEGRATED TECHNOLOGY TO CREATE OPERATIONAL EFFICIENCY

Together, the platforms simplify and automate laborious tasks to streamline the media buying cycle.

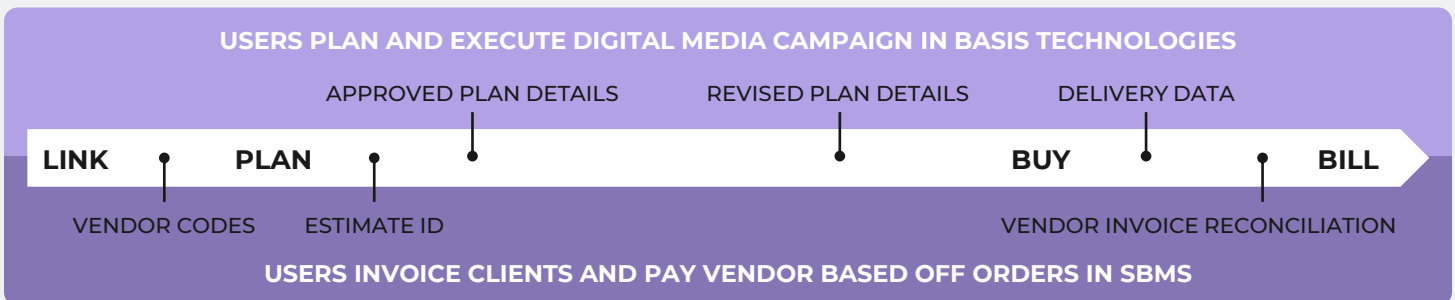

Basis[®]
Technologies

Basis Technologies pulls billing master data from FreeWheel to tie approved media plans in Basis Technologies to placements in the Strata Buying and Management System (SBMS)

FREEWHEEL
A COMCAST COMPANY

FreeWheel pulls daily data from Basis Technologies on live campaigns to drive billing and reconciliation actions in SBMS

HOW IT WORKS

HOW EASY IS THE INTEGRATION?

- 1. Enable SBMS as a billing system in Basis Technologies**
- 2. Map Master Data from SBMS to Basis Technologies Platform**
 - Map SBMS vendor IDs to Basis Technologies vendor cards
 - Map SBMS estimate IDs to Basis Technologies campaigns
 - Add mapped Basis Technologies vendors to the media plans
- 3. Basis Technologies automatically pushes contracted data from approved line items to SBMS, to create placements.**
- 4. Basis Technologies automatically updates SBMS estimates with each approved media plan revision.**
